

Eight Students Graduate From St. Francis School of Radiologic Technology

The 2008 Graduates of St. Francis Medical Center's School of Radiologic Technology: Kristina Sperling of Levittown, PA; Frantz Saintilma of Hamilton, NJ; Walter M. Skonieczki of Willingboro, NJ; Danielle DiStefano, of Trenton, NJ; Jessica Rohn, of Levittown, PA; Alex Walker of Morrisville, PA; Beth Polyak, of Ewing, NJ; and David Kalinowski of Hamilton, NJ.

The School of Radiologic Technology is an accredited, full-time hospital based radiography program, which only accepts eight students per year. Upon successful completion of the 24- month program, the student is eligible to take the ARRT Examination, which certifies him/her as a Registered Technologist, RT(R) and is eligible for the State of New Jersey license.

Graduates can be found in many specialized areas of the profession including Cat Scan (CT), Magnetic Resonance Imaging (MRI), Nuclear Medicine, Sonography, Radiation Therapy, Cardiovascular Interventional Technology, Education, Management, Radiation Physics and Sales.
