

*ST FRANCIS MEDICAL CENTER, INC. Policy No. SFMC AS0017FIS*

---

**EFFECTIVE DATE: 3/1/2016**

**POLICY TITLE:**

*Financial Assistance to Patients*

*To be reviewed every three years by:  
Board of Directors/Executive Leadership Team/CFO*

**REVIEW BY: 1/24/2021**

**POLICY**

It is the Policy of ST FRANCIS MEDICAL CENTER, INC. (the "Corporation") to address the need for financial assistance and support of patients for all eligible services provided under applicable state or federal law. Eligibility for financial assistance and support is determined on an individual basis using specific criteria and evaluated on an assessment of the patient's and/or family's health care needs, financial resources and obligations.

Trinity Health has a consistent approach to providing financial assistance to patients approved at the System governance level, which is implemented across all Regional Health Ministries ("RHM"), including the Corporation, through systemwide Procedures and Guidelines followed by each RHM and Subsidiary. Because of the dynamic nature of the environment, the impact will be closely monitored and revisited as necessary.

It is the Policy of the Corporation to follow Trinity Health systemwide Procedures and Guidelines to implement this Policy. Trinity Health has adopted and maintains, and all RHMs will follow, systemwide Procedures and Guidelines that address the following six requirements to ensure a consistent approach:

**I. Qualifying Criteria for Financial Assistance**

The Corporation will follow systemwide Procedures and Guidelines that specify the patients and services eligible for financial support and not eligible for financial support. The Corporation will establish charges based on amounts generally billed as determined by the Trinity Health System office. The Corporation will follow systemwide Procedures that address residency requirements and documentation required for establishing income. The Corporation will follow systemwide Procedures that describe the consideration required for patient assets, including protected assets. The Corporation will follow systemwide procedures that describe presumptive support and the required timeline for establishing financial eligibility. The Corporation will provide levels of financial support, including at a minimum support for Family Income at or below 200% of

Federal Poverty Income Guidelines, and for Family Income between 201% and 400% of Federal Poverty Income as required by systemwide Procedures. The Corporation will follow systemwide Procedures for accounting and reporting for financial support.

## **II. Assisting Patients Who May Qualify for Coverage**

The Corporation will make affirmative efforts to help patients apply for public and private programs for which they may qualify and that may assist them in obtaining and paying for health care services, including adoption of procedures to help patients determine if they qualify as required by systemwide Procedures. The Corporation may adopt procedures to provide patients with premium assistance in accordance with the Trinity Health systemwide Payment of Premiums Assistance Procedure.

## **III. Effective Communications**

The Corporation will follow systemwide Procedures requiring it to provide financial counseling, respond promptly and courteously to patients' questions, utilize a billing process that is clear, concise, correct and patient friendly, and make available specific information in an understandable format about charges for services. The Corporation will post signs and display brochures that provide basic information about the Corporation's Financial Assistance Policy ("FAP") in public locations its facilities and list those public locations in the Corporation's FAP, and make the FAP and a plain language summary and application form available to patients upon request in accordance with systemwide Procedures. The Corporation will post the FAP, a plain language summary, and an application form on the Corporation website.

## **IV. Implementation of Accurate and Consistent Policies**

As required by the systemwide Procedures and Guidelines, the Corporation will provide staff education about billing, financial assistance, collection policies and practices, and treatment of all patients with dignity and respect regardless of their insurance status or their ability to pay for services.

## **V. Fair Billing and Collection Practices**

The Corporation will implement billing and collection practices for the patient payment obligations that are fair, consistent and compliant with state and federal regulations, and make available to all patients who qualify a short term interest free payment plan with defined payment time frames based on the outstanding account balance as required by systemwide Procedures. The Corporation will also offer a loan program for patients who qualify. The Corporation will have written procedures outlining authority for approval of external debt collection activities. The Corporation will follow systemwide Procedures that identify debt collection activities that may be pursued by the Corporation or by a collection agent on their behalf. The Corporation (or a collection agent on its behalf) may NOT pursue action against the debtor's person, such as arrest warrants or "body attachments." The Corporation may have a Trinity Health approved

arrangement with a collection agency, provided that such agreement meets criteria established by Trinity Health.

## VI. Other Discounts

The Corporation will coordinate Financial Assistance to Patients with prompt pay, self-pay and other discounts as provided in systemwide Procedures.

State law shall supersede the systemwide procedures and the Corporation shall act in conformance with applicable state law.

The Policy is intended to fulfill the Corporation's commitment to:

- Providing access to quality health care services with compassion, dignity and respect for those we serve, particularly the poor and the underserved in our communities;
- Caring for all persons, regardless of their ability to pay for services; and
- Assisting patients who cannot pay for part or all of the care that they receive.

The Corporation is a community of persons serving together in the spirit of the Gospel as a compassionate and transforming healing presence within our communities. Aligned with our Core Values, in particular that of "Commitment To Those Who Are Poor", we provide care for persons who are in need and give special consideration to those who are most vulnerable, including those who are unable to pay and those whose limited means make it extremely difficult to meet the health care expenses incurred.

## RESPONSIBLE DEPARTMENT

Further guidance concerning this Policy may be obtained from the Trinity Health Revenue Excellence Department.

## RELATED PROCEDURES AND OTHER MATERIALS

- Attachment 1 - Medicare Rate Calculation
- Attachment 2 – SFMC List of Physicians
- Trinity Health Revenue Excellence Procedure No. 02-12-06 Financial Assistance to Patients [http://www.stfrancismedical.org/Patients-and-Visitors/For-Patients/Charity-Care/SFMC\\_FAP-1--Financial-Assistance-Policy.aspx](http://www.stfrancismedical.org/Patients-and-Visitors/For-Patients/Charity-Care/SFMC_FAP-1--Financial-Assistance-Policy.aspx)

## APPROVALS

**Initial Approval:** *Date of Board of Directors approval 3/8/2016*

**Subsequent Review/Revision(s):** *Reviewed: Mark Kelly, VP Finance/CFO*  *Date: 1/24/2018*

**St. Francis Medical Center  
Financial Assistance Methodology**

	<b>Inpatient</b>	<b>Outpatient</b>
<b>Rate</b>	10.35%	9.07%
<b>Discount</b>	89.65%	90.93%

Inpatient Calculation:

Medicare Payments/Medicare Charges = Medicare AGB  
 $\$30,112,602/\$290,863,934 = 10.35\%$

Outpatient Calculation:

Medicare Payments/Medicare Charges = Medicare AGB  
 $\$12,632,084/\$139,220,686 = 9.07\%$

**The Following List of Physicians; while practicing at Our Lady of Lourdes and St. Francis Hospitals,  
are not covered under this policy.**

**\*\*Note: NSP – Non-staff physician**

**St. Francis Medical Center**
